Additional Plan Details

Waiting period: This policy includes a 90 day Waiting Period from the date of enrollment for all categories of Critical Conditions. Benefits will not be paid for a Critical Condition if the diagnosis is made or treatment is recommended during this 90 day period, or if you exhibit symptoms during this 90 day period that would cause a person to seek medical treatment for the critical condition.

Lifetime maximum benefit: The Lifetime Maximum Benefit Amount that will be paid for each Insured Person under this policy is 100% of the Benefit Amount for all occurrences combined for all Covered Conditions. Coverage under this policy ceases when the Lifetime Maximum Amount has been reached.

If you receive benefits for a Critical Illness less than 100% of the Maximum Lifetime Benefit and later receive a diagnosis for a different critical illness, you will receive the percentage of Maximum Lifetime Benefit amount shown, less any prior benefits received. If one critical illness causes another condition, only one benefit will be paid—the largest amount.

When coverage begins and ends: The policy will become effective on the first day of the month following receipt of the enrollment form and premium payment. You have 30 days to review the Certificate, and if you are not satisfied, you can return the Certificate for a full refund. Coverage ends when the policy terminates, you are no longer eligible, premiums are not paid, the Lifetime Maximum Benefit has been met, or upon attaining age 70.
